CHARACTERISTICS

NOVELTY

- A platform is encouraging women entrepreneurs to grow by reaching millions of people around the world.
- Job Opportunities boost up the potentially weaker section of society.
- Spreading awareness and keeping all women updated with all government schemes for women.

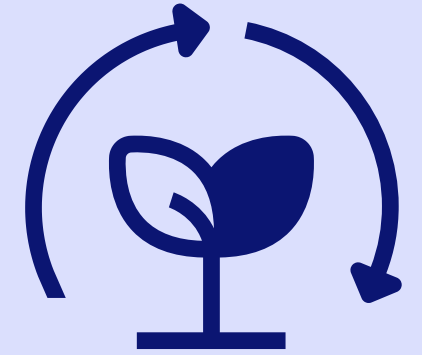

SCALABILITY

- **Availability:** The website will be available to all the people using its features like applying for jobs, shopping for products, etc.
Also, website uptime is vital.
- **Manageability:** The system is easy to operate, maintain and update.
- **Performance:** The site has a rapid response with fast retrieval. When a user requests data, the same data should show up unless it has been updated. Of course

SUSTAINABILITY

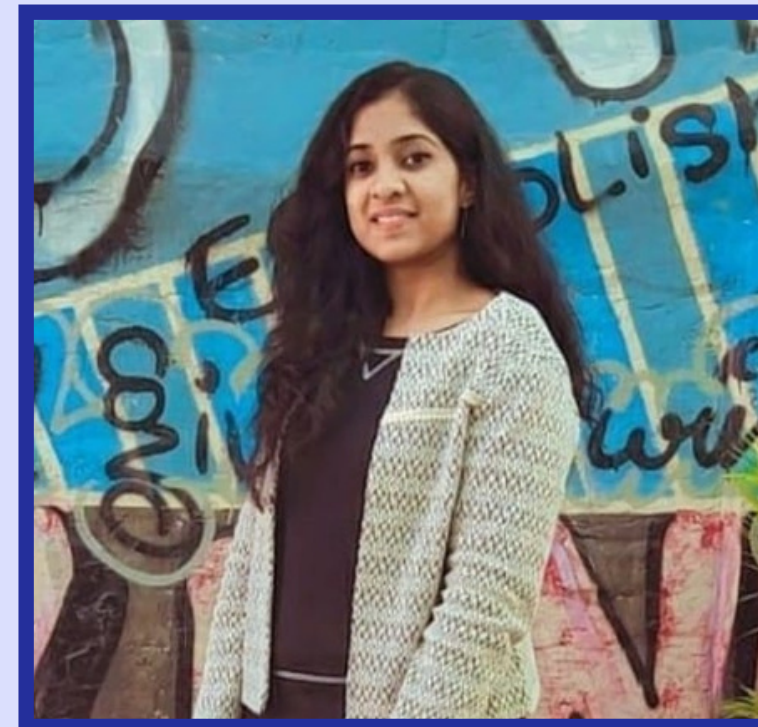

Shreprenuer is an eco-friendly idea for the environment and society.

- The impact of ShePreneur on the environment is minimal. The idea is paperless, completely computerized work.
- ShePreneur is free for users, and the basic requirements for users to work on the platform are a basic laptop, PC, or smartphone.
